Re: ARIZONA CORPORATION COMMISSION STAFF'S DATA REQUEST REGARDING
THE APPLICATION BY MINGUS PANORAMA ESTATES HOMEOWNERS
ASSOCIATION FOR AN ADJUDICATION OF "NOT NOT A PUBLIC SERVICE
CORPORATION" STATUS, DOCKET NO. W-20477A-06-0558

Dear Mr. Black:

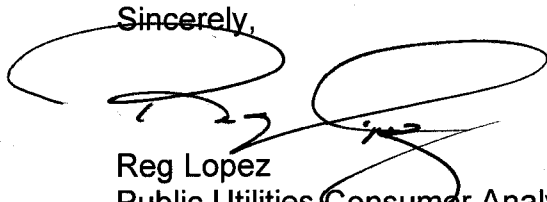

Pursuant to receipt of the above referenced application, the following is being requested to complete the processing of this application:

1. Exhibit J (Engineering Plans for water system) does not include a plan design summary section which typically is a general description of the system which includes assumptions, fire flow requirements, projected water use data, etc. that the engineer used in designing the proposed water system. Please provide this information or a copy of the omitted section of the Engineering Plan.
2. Exhibit I (Application for Approval to construct water supply system) explains that the well pump tests for quantity and quality of water have been completed for the Mingus Panorama Estates water system. Please provide Staff with a copy of the referenced well test results.
3. The Application references Exhibit L as including a Hydrology Report, however, Exhibit L actually includes an engineer's report for subdivision drainage design. Please provide Staff with a copy of the Hydrology Report.
4. Has a certified operator been selected to operate the water system upon its completion?

Please submit these items through the Arizona Corporation Commission's Docket Control Department at your earliest convenience.

If you have any questions regarding this matter you may contact me by telephone at (520) 628-6555 or via e-mail at rlopez@azcc.gov.

Sincerely,
